Officer Notes :**Full Description :**

I have been on the Council's website but cannot seem to find some information I want, with regards to this I would like more detailed information so I have a better understanding of your local highways and road maintenance contracts.

I really want to make a request for information relating to the following service/maintenance contracts agreements the council may have in regards to:

- Surface maintenance of Roads
- Roadside and drainage maintenance
- Shoulder and approaches maintenance
- Bridges maintenance
- Traffic service

If you are unsure what exactly questions 1-5 are for more information please go to this website this has all the information relating to this information. <http://www.aboutcivil.org/maintenance-of-highways-roads.html>

Documents - Road and Highways Maintenance Plan

Not sure if I can ask this as this is my first request for information form the Council but can you please send me the information relating to these contracts in an excel format. The information I require for each of these contract is:

Who the supplier is?

What is the average annual spend for each of the supplier's?

A description of what is entailed within each of these contracts?

For the list above please state which type of contract it relates to (1-5)

What is the length of the contracts? And if there are any extensions included.

When this contract started?

When this contract expired?

When will this contract be reviewed?

Who is the contract owner in the organisation? Full details including email

I attached a spreadsheet for you fill to in if this is alright. I hope to receive the information within 20
