This application should be returned to the Licensing Section, Newark and Sherwood District Council, Castle House, Great North Road, Newark. NG24 1BY

NOTES FOR GUIDANCE:

1. If a licence is granted to you it will be subject to the Conditions of Licence for Hackney Carriage and Private Hire Vehicles and any additional conditions the Council may deem necessary.
2. A separate licence is required for each vehicle.
3. Any change in the ownership of the vehicle as set out above must be notified in writing to the Council within 14 days of transfer.
4. Your vehicle must comply with the standard vehicle specification for Hackney Carriages and Private Hire Vehicles and will be inspected before a licence can be issued.
5. There must be in force in relation to the use of the vehicle a policy of insurance issued to comply with the provisions of Part VI of the Road Traffic Act 1972 with an insurance company approved by the Council which will cover use for Hackney Carriage and Private Hire Purposes.
6. The issue of licences is restricted to persons residing or currently operating a business within the Newark and Sherwood District with the exception of those vehicle licences which may be transferred in accordance with the provisions of the Local Government (Miscellaneous Provisions) Act 1976.
7. With effect from 1st January 1994, planning permission will not normally be required for the operation of a taxi and/or private hire business from a private residential property provided that:-
 - (a) Vehicles:
 - (i) only one vehicle is parked out at and/or controlled from the property;
 - (ii) the one permitted vehicle is a passenger carrying saloon car, estate car or mini-bus with up to 9 seats capacity;
 - (iii) no self-drive private hire cars or vans are based at or controlled from the property;
 - (iv) such operations do not constitute a part of a light haulage/courier operation;
 - (v) no vehicular movements to and from the property take place between the hours of 11.00 pm and 6.00 am seven days a week; and
 - (vi) no maintenance other than minor servicing takes place on or at the property;

(b) Aerials

If the one car business is deemed not to require planning permission in accordance with (a) above, then any aerial erected in connection with that business will not require planning permission provided that:-

- (i) if attached to the property, it does not extend more than 1 metre above the ridgeline of the property; and
- (ii) if free-standing, the structure is no more than 3 metres high to the tip of the aerial from the ground level.

Where planning permission is deemed to be required, i.e. for the operation of two or more taxis or private hire vehicles and the associated communications equipment, then the acceptability of the proposal will generally be tested by reference to the impact of the proposed use on residential amenity, on-street car parking conditions and the character and appearance of the locality.

Note: Provided no valid planning complaints are received regarding the operation of the business, the Local Planning Authority will continue to honour the informal guidance offered to proprietors who were operating a maximum of two taxis/private hire vehicles from a property prior to 1st January, 1994.

However, proprietors who were operating only one vehicle prior to and since 1st January, 1994, will now need to apply for planning permission if they wish to increase their number of vehicles to two or more. Any pre-1994 two vehicle operators will also be required to apply for planning permission if they wish to increase their number of vehicles to three or more.
