Dear Miss Cooper

Re: Additional material submitted to the District Council

As discussed please find enclosed the three items which were submitted to the District Council, post submission, they are;

- A flood risk assessment of Southwell Road, Lowdham site (Options Report reference Lo/MU/1 and X5(Lo))[Representor Number 182]
- A letter from agents selling land which is noted as Lo/Tr/1 in the Publication DPD – for which there were no representation
- A letter from Southwell Town Council regarding their proposals for “Southwell’s Historic Core”

We have reviewed the information and any points which need addressing will be included within our statements.

Also please find attached a map which was not originally sent to the Inspector as part of the submission of Helen Cattle [Representor Number 251]. Whilst the representation form was sent in email and paper format, the map was unfortunately only sent electronically, and therefore was missed in the processing of the representation. The map has been placed on the website alongside Mrs Cattle’s representation. No other consultee has made representations on Wellow’s Main Open Areas.

Yours Sincerely

Original Document Signed
