| 16-0009 | South Clifton | The Red Lion | High Street, South Clifton NG23 7AD | That asset fails to meet the test set out in Section 88 (2) (b) of the Localism Act, because it is not realistic to think that there is a time in the next five years when there could be non-ancillary use of the building or other land that would further (whether or not in the same way as before) the social wellbeing or social interests of the local community. | 07/10/2021 |
| 17/0004 | Newark | Newark Tennis Club | London Road Newark On Trent Nottinghamshire NG24 1TW | The asset fails to meet the test, the reasons are: (1) For the land to be of community value under s88(1), the Council has to be of the opinion that there is an "actual current use" of the land that furthers the social wellbeing or social interests of the local community. On the nomination form, the land is described as having "seven unused" grass courts. The council accordingly considers that well over 50% of the area of the land is therefore not in an "actual and current use" that furthers social well-being and that the land is not land of community value as a result of subsection 88(1). (2) There is no evidence of any time in the recent past that the grass courts were in use and moreover if the land is to be considered as land of community value under s88(2), the Council has to be of the opinion that it is realistic to think that there is a time in the next five years when there could be non-ancillary use of the building or other land that would further (whether or not in the same way as before) the social wellbeing or social interests of the local community. The application form states that the club "has fallen into decline". In the absence of any further evidence as to alternative uses, the council is not of the opinion that it is realistic to think that there can be use in the future which would further the social wellbeing or social interests. The Council therefore considers that the land is not land of community value as a result of subsection 88(2). | 03/05/2022 |

| 19/0001 | Newark | Cedar Avenue Playing Fields | Cedar Avenue, Newark | The land fails to meet the test set out in Section 88 (1) (b) of the Localism Act, as it not is realistic to think that there can continue to be non-ancillary use of the land which will further the social wellbeing or social interests of the local community. | 16/05/2024 |
