It is proposed to move our main stage slightly to make better use of the land available. We also intend to realign the direction of the pa to point slightly more northwards. Both these changes will lessen the noise impact on residential properties in Kirklington.

It is proposed to add a paying bar in the location shown for artists and guests in the back stage green room area. This will be for a maximum of 30 people at any one time.

It is proposed to use a small pa system for live music in the main bar. The timings for this would not exceed the current premises licence times for alcohol sales and live music (which are the same).

LICENSING OBJECTIVES

Describe the steps you intend to take to promote the four licensing objectives:

a) General – all four licensing objectives (b,c,d,e)

List here steps you will take to promote all four licensing objectives together.

An up to date Event management Plan will be maintained and regularly reviewed. This will be submitted to the licensing Authority and Safety Advisory Group for distribution to all the Responsible Authorities at least 6 weeks before the event. All volunteers and staff will be made aware of their roles and responsibilities and policies relevant to their sphere of employment.

Continued from previous page...

b) The prevention of crime and disorder

The police will be informed at least 8 weeks in advance of the dates of the festival. A detailed site plan will be submitted to the Safety Advisory Group for distribution to all Responsible Authorities at least 28 days before the event. Registered security staff will be employed as agreed with the Police. Attendees will not be permitted to bring their own alcohol or any glass into the Festival Arena. The bars and traders on site will not be permitted to supply drinks in glass.

c) Public safety

The Event Management Plan will include emergency procedures, risk assessments and specific fire risk assessments for all areas and aspects of the festival. The festival will carry Public Liability Insurance and all contractors and traders will be asked to provide details of insurances, risk assessments, method statements, hygiene certificates and any other documentation pertinent to public safety as appropriate. A medical Plan will be prepared as part of the Event management Plan, in conjunction with the first aid provider.

d) The prevention of public nuisance

The overall levels of volume will be controlled at all times by the festival's own sound engineers, who will ensure the sound is reduced if requested to do so by the Police or a council officer. Stages will be positioned and aligned away from residential areas to prevent noise nuisance. The proposal to move the position of the main stage will further lessen the impact on the residential areas by moving it further north away from them. The realignment to direct the pa in a more northerly direction will lessen the impact on the residential properties at the Hockerton end of the village where the sound is slightly louder due to the main road bending to the north.

A Traffic Management Plan will be prepared and agreed with the Highways Authority. Day parking will be sited away from residential areas and egress from this area will avoid passing through residential areas. The local Parish Council will be consulted over proposals.

e) The protection of children from harm

DBS checks will be required where appropriate. The festival will appoint a Safeguarding Officer and the Event Management Policy will include a Lost and Found Children Policy.

Admittance to the site will be by colour coded wristbands. Specific coding will be applied to denote under 18s. The bars will operate a Challenge 25 policy. All bar staff will be trained in employing this policy. Attendees will not be permitted to bring their own alcohol into the arena.
