6. Do you consider the DPD to be SOUND?

\*The considerations in relation to the Legal Compliance, Duty to Cooperate and the DPD being ‘Sound’ are explained in the Newark & Sherwood Development Plan Document Representation Guidance Notes and in Paragraph 35 of National Planning Policy Framework 2021 (NPPF).

<sup>1</sup> The Integrated Impact Assessment (IIA) integrates Sustainability Appraisal (SA), Strategic Environmental Assessment (SEA), Equalities Impact Assessment (EqIA) and Health Impact Assessment (HIA). Sustainability Appraisals (SA) are a requirement of the Planning and Compulsory Purchase Act 2004 and Strategic Environmental Assessments (SEA) are required by European Directive EC/2001/42, which was transposed into UK law by the Environmental Assessment Regulations for Plans and Programmes (July 2004). The EqIA is a way of demonstrating the District Council is fulfilling the requirements of the Public Sector Equality Duty contained in section 149 of the Equality Act 2010. HIA is a recognised process for considering the health impacts of plans and undertaking this type of assessment is widely seen as best practice.

7. The DPD is not sound because it is not:

- (1) Positively Prepared
- (2) Justified
- (3) Effective
- (4) Consistent with national policy

8. Please provide precise details of why you believe the DPD is, or is not, legally compliant, sound or in compliance with the duty to cooperate in the box below.

If you wish to provide supplementary information to support your details, please ensure they are clearly referenced.

Bourne Leisure endorses the amendments to Policy DM4 which recognise that proposed wind energy schemes involving turbines will only be considered acceptable in areas where, inter alia, they would be set away from sensitive receptors and identified as suitable for wind energy development in the Development Plan.

9. Please set out what change(s) you consider necessary to make the DPD legally compliant or sound, having regard to the test you have identified at 6 above where this relates to soundness. You will need to say why this change will make the DPD legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Bourne Leisure recognises the value that pre-application discussions and community engagement can bring to the design process. Given, however, the recognition in PPG 'Before submitting an application' (paragraph 09) that this is to be encouraged only "where it will add value to the process and the outcome" we would question the robustness of draft Policy DM5(a) stating that this should be the case for all developments.

9. Please set out what change(s) you consider necessary to make the DPD legally compliant or sound, having regard to the test you have identified at 6 above where this relates to soundness. You will need to say why this change will make the DPD legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

To ensure robustness and consistency with PPG, the current wording of Policy DM5(a) should be presented as supporting text to reflect how this is guidance only and that it is not, in any event, necessarily relevant or appropriate for all development proposals.

Bourne Leisure endorses the proposed amendments to draft Policy DM8 so that it is better aligned with Core Policy 7. In particular, Bourne Leisure welcomes the recognition that tourism development (both accommodation and associated facilities) often needs to be located within the countryside and that this is supported – in principle – by DM8.
