

Please note that whilst this is a definitive list of Confirmed Orders, the title of the TPO (address) may be listed as was prior to any future development and not necessarily include the address of properties built after Confirmation. Furthermore, some tree(s) might be located on land just outside of the named land. Also, the list does not include orders where the Local Authority is currently considering Confirmation (the land owner will have been made aware). It is therefore important that prior to undertaking any work to a tree that you contact the Council prior to undertaking any works. Works that are undertaken to a tree that is protected without appropriate consent from the Planning Department is a criminal offence.
