Following the devastating flooding in Edingley on Friday 20th October, Edingley Parish Council will be arranging a meeting with local councilors to discuss these issues and what actions can be taken to prevent reoccurrence.

Anyone who wishes to submit comments, photo and/or video evidence of the flooding can send it via email to edingleycommunity@hotmail.com

Evidence submitted in this way will be presented at the meeting to make our local representatives aware of the scale of the problem.

This notice will be updated once a date has been determined for this meeting.
